ABOUT THE SUMMER LEADERSHIP PROGRAMME

Our mission is bold & beautiful & we want you to be part of it. We want to make you leaders: leaders who think, leaders who listen, leaders who are both strong and kind. We want to bring you together. To meet others like you. Other young people who want change, who are motivated to learn, to chat through ideas, who are willing to be better to make the world better.

WHO IS IT FOR?

15-17 year olds who want to make change, together.

The programme is intense. Good intense. Excellent intense. It is engaging. It is demanding. It will make a considered leader out of you.

WHAT WILL I GET OUT OF IT?

- Building relationships with well-known organisations. Let them have the privilege to know you.
- Design thinking tools that will be mighty helpful in the future when trying to solve complex problems
- Building relationships with people like you. People who care. People who are curious.
- Learn about the complexities of those thorny inequality issues so you can try tackle them
- Get some serious skills in media, pitching and presentation skills
