

SDG LINK

No issue exists in isolation. The Sustainable Development Goals (SDGs), which you would have learned about through your Concern Primary Debates, showcase how many universal issues can be linked. To remind ourselves, here is a video that explains what the SDGs are and how they are all interlinked.

All of the SDGs are connected so they are a good place to start when you are mapping how your chosen topic is related to the wider world. Use this worksheet to think about the different ways your topic links to the SDGs and other things happening across the globe.

My topic is:

Circle four of the SDGs above that connect to your chosen topic. Can you find any statistics, examples or pieces of information to add to this?

SDG	How does this link?
